by Jim Davis

Club News

We had a pretty good meeting with 30 members and family in attendance. It was good to see **Jim Davis** and **Jack Callaway** back after several months absence.

Thanks to **Michael Kennedy** for taking the pictures for this issue of the GLUE. We are fortunate to have several guys that are willing to step and cover for the usual bunch that are responsible for the newsletter. Michael is one of the really good guys.

Our Condolences go to **Jim Davis** on the

loss of his wife after a lengthy illness.

Our **Bassett Place Veteran's Day Show** is coming up on Sunday, November 9. We will set up at 8:00 AM and the event will open officially at noon. The Bassett Place Mall is open for people to walk during the day, so there will be some people stopping by all morning.

The E Board looked at the report on the Vets Helping Vets program that had asked us for support. According to the info that we were able to find this is a small business that is run from a residence in

Zip Code 12. Our contacts in the VA are still looking into this matter and we will determine what we will do after we get more information.

Michael Kennedy has offered some kits and supplies to help with this project.

Don Fenton was back again this month. He had planned to give a demo using a supped-up Vac u form but left a couple needed items for the demo so he will offer the demo next month. He also brought some kits, etc. to help our door prized stash.

“The Glue” is the official publication of the El Paso Scale Model Society. We publish on a monthly basis and try to cover just about any area of interest that club members may have.

Model pictures, articles, kit reviews, suggestions of any kind, wants and disposals, items for publication, and general gripes, should be sent to the following email address:

BagpipeJM@aol.com

Meeting Dates for 2014

April	6	November	9
May	4	(Basset Show #2)	
June	1	December	7
July	6		
August	3		

(Basset Show #1)

The El Paso Scale Model Society

Our club is a chartered chapter of the International Plastic Model Society - U.S. Branch (the IPMS-USA). The EPSMS was first organized in 1969, received its charter in 1970, and has been continuously active since that time.

We are a non-profit organization dedicated to promoting the art of scale modeling (regardless of construction media), and membership is open to anyone interested in scale modeling. Club membership dues are payable on an annual basis (we can accept cash or personal checks). Dues are \$15.00 per year for regular members over the age of 16, and are based on a January-December club year. Junior memberships are available for those aged 16 and under, and are priced at \$5.00 per year. Family memberships are available for an extra payment of \$2.00 per year per family member. Members in good standing are entitled to vote in all club matters, run for office, enter club contests, judge in all club contests, and receive a copy of the club’s monthly newsletter. Hal’s Hobby Warehouse on Bessemer in East El Paso also offers club members a discount on purchases of models and modeling materials. The exact discount is set on a sliding scale. Our club meetings are generally held on the 1 st or 2nd Sunday of each month at 2.00 p.m. in the Fellowship Hall of St. Paul’s United Methodist Church at 7000 Edgemere Blvd (please see the map below). Schedule changes are published ahead of time in the newsletter.

Where We Meet

Fellowship Hall of
**St. Paul’s
United Methodist Church**
7000 Edgemere Blvd

President's Column

by **JOHN ESTES**

Our meeting was a little short on models to show, but attendance was pretty good. The Amigo AirSho was being held at Santa Teresa at the airport. Several of the membership attended on Saturday, not sure if any did on Sunday. Several members were unable to attend the meeting because of family commitments and illness.

The sign-up sheet for the Bassett Place Mall Show has about 13 names on the list. Not bad, but we have room for a few more models on the tables.

As the mall Show was scheduled, I was unable to attend a wedding in Stephenville TX. I am not sure if this was a problem as the wedding was about 600 miles away in Central Texas. My wife went with the grandmother of the groom.

It is time for the Charter renewal with IPMS/USA. I have sent the money but the officers need to be current in your National dues. If you have not paid, let me know. Ditto, if you have paid up and are current.

Mike Drapes reminded me that we need to change the web master for our web site to Carolyn Drapes, not Mike. Carolyn has been doing the work for some time (forever) and deserves the credit. She also has set up a Face Book page and maintains it for us. If you have not gone there, look it up.

I see that many of the IPMS Chapters have a Christmas party and other events for their members. I have no problem with parties, but I would rather that we spend the money for Charity or for our Vets, or for someone who needs

our help. Most of us have so much and have been blessed with good health, family and friends plus our private stash of models is way past any life time to get what we have built or even finish what we have started. But, if you want to do something, let me know.

Looking back, I think I have served as president (Dictator for life) for about 14 or 15 years again. I have worked on the GLUE since Gene Forsythe retired and moved. Why bring this up? It just came to mind.

See you at the Bassett Place Mall show. We meet on Dec.7, same time, same place. Bring a Model and guess what? Your local dues expire at the end of December.

Edward Rogers' "What-if" TSR-2
in 1/72nd scale

Worlds (War Machines Attack), C-57 Space Cruiser from 'Forbidden Planet', Bravo (F-18 from 'Planes', Superman (70's) and a WIP (a Nausicaa and her bird) kit. An artist showing there complemented me on how I did the eyes of Superman.

After that it was a matter of time for the public to come in. They did, I got a lot of comments on my Godzilla display, the Seaviews, Superman and the WIP. A local TV station, Chanel 9, came in and took a few shots of the Artists/Dealers, when they asked a dealer on her Godzilla coasters, magnets and hangers, I mentioned that I had a lot of Godzilla's at the back and I showed it to them. The camera man took some shots of them. Neat. Through out the Con, I received a lot of positive comments of my display and a lot of questions were asked and I had a good time. The Art Show ended at Noon, Sunday and I was packed by 1245.

As a result, I have reserved a spot for next years Convention and they want me to do a panel. Oh yes, I did not sell a thing, but when one puts over have as Not For Sale, what can I say. I did not go to sell but to show that Art means more than Paintings.

Oh yes, I-10 is a dark, dark road when wet at night, it started raining when I got to Wilcox, AZ and it stayed that way until I got back here, two hours later than expected.

Meeting News

Jose Roldan went to Tucson AZ for a Sci-Fi Con over the last weekend. Following is his unedited report of the event.

Hi John, I am sending you my report of my show at **TusCon 41** over in Tucson, AZ, last weekend.

The convention was held from Oct 31 thru

Nov 2, 2014. I reserved a table at the Art Show.

Set Up was easy, I had an 8 foot table. I set it up as follows, from left to right: Godzilla-Then and Now (6 models, 1 Plushy), the 123d Seaview, 350th Seaview, 123 Flying Sub, Rodan and Mothra, War of the

Sal Samaniego's M3 Grant in 1/72nd scale

Meeting News

Clifford Bossie brought some more kits for the door prize stash. Thanks to both.

The club purchased a table saw, a drill press and a scroll saw that will be used for fund raising in the future.

I understand that **Mike King** had a knee replacement or at least surgery on his knee. I have no report as I was unaware of this event until some one mentioned it to me.

December should bring a chance for our membership to elect some new officers to serve in the coming year. I forgot to remind the membership of the opportunity to change the leadership. We will discuss this on Sunday at the Bassett Place Show.

Show & Tell

There were only a few models on the tables, but those that were brought to show were very well done.

Show & Tell

Jim Davis had a 1/72nd scale Hasegawa B-25J, "Jaunty Jo" of the 498h BS based on Biak Island, New Guinea, Nov, 1944. Jim has been doing a number of different B-25's and this is his latest. Nice work.

Edward Rogers brought in his latest effort, a 1/72nd scale TSR-2 in "What if" markings built from the Airfix kit.

Sal Samaniego, our newest member and a junior member by age brought in two armor models to show. Sal had an M3 Grant in 1/72nd scale and an M41 "Bulldog" in 1/35th scale. Sal did not give the kits used but his work is looking good. Nice.

Other models on the tables included a Ju-87 in 1/18th scale, an Me 109, maybe in the same scale and a 1/48th scale B-25 in a gun nose configuration. These were brought in by our Mexican connection, **Jose Patino** from Juarez.

Jack Callaway had the A Models 1/72nd scale Convair R3Y Tradewind. This is one large model. The main parts are some type of expandable resin foam.

Carlos Mendoza may have brought the models as they came in together but did not fill out any paper work about the models. The youngster at the table is Senor Patino's grand son.
