El Paso Scale Model Society The GLUE

JUNE 2013

*Gerhard Gotzmann's
BAe Sea Harrier in 1/48th scale*

CLUB NEWS

We had an interesting meeting with 32 members and family in attendance.

There were a number of neat projects under way as Works in Progress. **Julio Sanchez** in the scratch built arena and **Don Fenton** with a 1/48th scale F6F Hellcat in Royal Navy Southeast Asian markings. I think Don even used some of his own White Dog decals on model.

Fabian Nevarez had another finished helicopter and a Loach under way and

almost finished. More information will be given later in the GLUE.

John Estes brought his antenna rigging jig to complete his demo from last month. He also did a How to on decals at the request of **Edward Rogers**. Fabian and Edward spent some time modeling at Fabian's on Saturday afternoon and evening.

Roy Lingle is offering a guided tour of the 1st Armored Division Museum Area

at Ft. Bliss. If interested, contact Roy at 915-821-0018.

Clifford Bossie offered pictures of the War Eagles Museum A-7 on his web site and on Hyper Scale. **Gustav Hebrok** had volunteered to work at War Eagles and Gus has been cleaning out the cockpit of the A-7.

Jens Ritter sends his regards from Afghanistan and **Jim McDaniel** sends his greetings from Georgetown, Texas.

SHOW & TELL

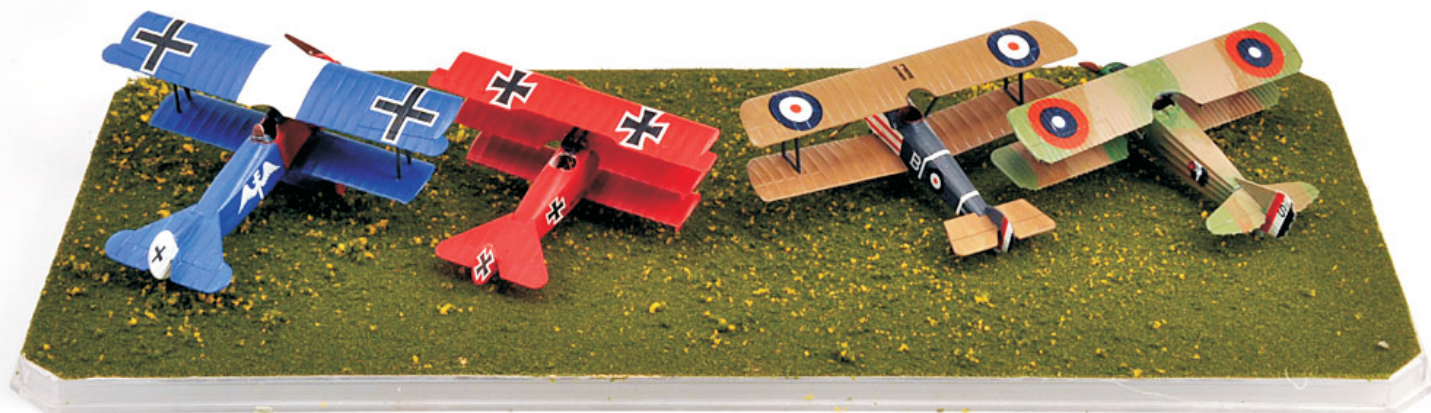

Gerhard Gotzmann had an Airfix 1/48th scale FRS. 1 Sea Harrier marked in Falklands Conflict colors circa 1982. He mixed black and white acrylics for the primer and ended up leaving it as the final color.

Michael Kennedy had an Italeri Me 262 in 1/48th scale. He used the kit decals which all silvered, however his Hakenkruz decals were after market and did not silver. The white "22" numbers were painted on the model.. He added detail in the cock pit with seat belts and shoulder harness, which were scratch built.

Carlos Delgado had a Su-27 from Zenghdefu to show. This was in 1/48th scale, in a great looking digital camo.

Michael Kennedy's Me262 in 1/48th scale

Steve Hennessee's assorted WWI Bi-Planes all in 1/72nd scale

Carlos Delgado's Su-27 Flanker in 1/48th

Roy Lingle brought the Tamiya/Fine Molds model of the Japanese Army type 5 Chi-Ri medium tank in 1/35th scale. This is a "Limited Edition" release and was new in the box.

Edward Rogers brought a Scratch Built "Crawler" designed by his son. He made this machine from balsa, plastic card, and some metal parts. Some of the detail came from HO scale railroad parts. Interesting. It would seem his son has an idea how future machines should look.

Fabian Nevarez had an Italeri OH-58D in 1/48th scale in the scheme worn during operations in Iraq. As work in progress he had an Academy MD 500 Defender helicopter, also in 1/48th.

SHOW & TELL

Fabian Nevarez's OH-58D Kiowa in 1/48th scale

Jose C. Diaz had another of his paper buses to show. Jose had an ADO Dina Avante Coach scratch built in 1/32nd scale.

Steve Hennessee had a neat Fujimi Garage Diorama in 1/24th scale to display. Neat model and well done. He also had a 4 assorted WWI Bi-Planes all in 1/72nd scale built from the Academy release of the old ESCI kits and some from re-release of the Revell kits.

Don Fenton's WIP 1/48th scale F6F Hellcat

Steve Herren's Saab Viggen in 1/72nd scale

Steve Herren brought a variety of models to show. He had a Saab Viggen, a 1950 Chevrolet pick up with a midget racer and trailer in tow, a 1050 Chrysler, a Cobra and a Fiat. His last model was a Deep Space Nine model. I did not get any info as to scales or kits used from Steve.

Edward Rogers' scratchbuild What-If "Crawler"

As mentioned earlier in the GLUE, **Julio Sanchez** brought as WIP's, a Mirage F-1 in 1/32nd scale. He also had an AJ-1 Savage in 1/48th scale. These models are scratch built efforts by Julio.

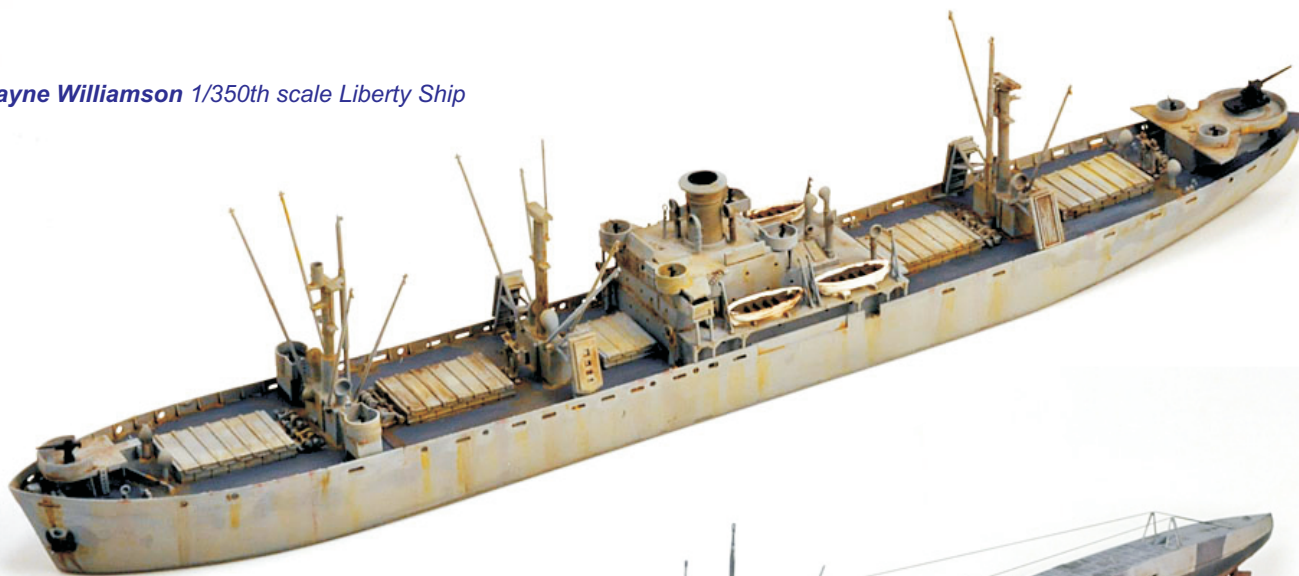

Wayne Williamson brought an old Tamiya 1/35th scale Merkava. It was only 3/4 finished, but still a good kit according to Wayne. Wayne also had a Tamiya 1/35 Abrams TUSK. Wayne use some classic Tamiya parts from

the 1982 release of the original M-1 issue, some parts from the 1992 M1A1 Abrams and some parts from the 2004 release of M1-A and the parts from the 2012 TUSK set. All of these parts together make a decent model and

Wayne Williamson /35th scale Abrams TUSK and Merkava.

Wayne Williamson 1/350th scale Liberty Ship

Joseph Roper's 1/72nd scale U boat U-565

was a whole lot easier that combining the DML Kit with the aftermarket items needed to build the same variant. His second offering was a 1/350th scale Trumpeter "Liberty Ship" Quote Wayne: "an awful kit but he built it for his dad because Wayne's grand father was a member of the Merchant Marine in WWII.

Joseph Roper brought his 1/72nd scale Revell U boat U-565, a type VII-C submarine. This U-Boat was sunk 24, Sept, 1944.

Steve Herren's Deep Space Nine figure "Odo"

SHOW AND TELL

*Jose C. Diaz's scratch built
ADO Dina Avantein 1/32nd scale.*

Steve Herren's 1950 Chrysler, Cobra and a Fiat sport cars

Steve Herren's 1950 Chevrolet pick up and midget racer

MUSINGS

by John Estes

Mike Boudreaux sends e mail stating he missed getting to attend the May meeting. Maybe he and **Jim McDaniel** can start an IPMS chapter in the Georgetown, Cedar Park area. I told **Don Fenton** that if and when he moves to the area that they would have a great base to do so. If **Jack Callaway** should move down there also, what a lot of talent in one location and a excellent start for an outstanding model club.

Jens Ritter sends greeting from Afghanistan. He plans to visit El Paso in April 2014.

One half of our modeling year is behind us with the December only six meetings away. I have asked about setting up the Bassett Place Show and will pass the dates on to you in the GLUE.

I read in the San Antonio newsletter that former El Paso member **Gerardo Escobedo**, know in some circles as "Paper Jerry" is getting more involved with their newsletter down there.

From San Antonio: Vice President, **Jerry Escobedo**, spoke about working with **Gary Emery**, Newsletter Editor, to design a "new look" for our Newsletter and to introduce some new items of interest to Club members. One idea would be to feature the "Show and Tell" portion of our program complete with photos and commentary by those individuals who participated. He volunteered to design a new layout for consideration by the E Board and Editor before revealing it to their club.
